SOUTH SIDE CITIZENS HELD AN ENTHUSIASTIC MEETING LAST EVENING

Action Taken Regarding Proposed Improvements Which Would be of Benefit to the Entire City

PETITIONS TO BE PRESENTED TO SAFETY DIRECTOR

Asking that Speed Ordinance Be Strictly Enforced—Want New Bridge on South Second Street Built—Springfield Attorney to Be Present at Next Meeting to Relate Experiences in Securing Improvements for His City.

One of the most enthusiastic and representative meetings ever held by the South Side Citizens' Association, was that of Friday night, and the action taken shows that the people composing this organization means business. The principal subjects discussed were the subway proposition, and the building of a bridge on South Second street which has been promised by the commissioners.

The meeting was called to order by President W. E. Miller, who said that he was proud to see the interest shown and the spirit that was manifest among those present, and which was indication that there were better things in store for the South Side citizens.

City Auditor W. F. Wulfoop read a letter from John Cole, of Springfield, a lawyer, who had been instrumental in securing a new passenger station for Springfield after several years strenuous work to get the railroad to do what the citizens there had asked for.

The letter follows:
Roderic M. Jones:
"Dear Sir—Answering your letter of September 23, I will be pleased to come to Newark two weeks from Friday night, Sept. 27, unless something should interfere to unavoidably prevent."

"Whether our experience with the Big Four would be of value to your friends I do not know, but I am willing to give any information I may have concerning the same."

Mr. Wulfoop then stated that he had brought the resolution adopted two weeks ago to the attention of Safety Director Collier. This resolution it will be remembered, asked the director to enforce the speed ordinance of 8 miles and hour in the city, against the two railroads until proper relief was afforded at the grade crossings. Mr. Wulfoop also stated that he had a number of petitions prepared ready for signatures to be circulated, and after receiving the names to be presented to Safety Director Collier.

Mr. Baugher moved that these petitions be given out and circulated for signatures.

Councilman John Prior stated that a committee from the council had waited upon B. & O. Superintendent Cahill, and that that official had stated that as far as the subways were concerned he had nothing to do with that matter, but that of hands of another, and that of any person asked the number of the engine that pulled a train which blocked any crossing, the crew of that train would be properly dealt with.

Mr. Baugher's motion was carried.

Hon. W. D. Fulton was present and addressed the meeting. He said that he believed the association was on the right track in going about getting protection at the railroad crossings. He said he was elected and known to favor the subway.

proposition, and that he favored it now. He further stated that he believed the best way to get this subway was to get it without going into court, as the latter course was just the one the railroad companies wished.

He urged the association to keep "pegging along" as it had been doing, and the subway would be built. J. D. Keeley said he was not a resident of the South Side but that he was present to lend his moral aid to a proposition that he believed was for the benefit of the city at large. Councilman Dwyer said that the safety director had once asserted his authority when there was a difficulty on Church street with the Ohio Electric when the "shoe pinched" there, now let him do his duty toward the south side citizens.

Messrs. Al Parkinson, John Hanenberg, Charles Stasel and others spoke about the proposed new bridge on South Second street. It was understood that this work was temporarily held up, as the commissioners and surveyor's office were very busy at present in making new roads and that the new bridge would come in due time.

This view of the matter, however, did not appeal to many at the meeting, and it was pointed out that last October the commissioners had promised that this bridge would be built in the spring of 1912, but that this promise had not been kept. Mr. W. J. Fitzgibbon stirred the meeting by stating that the commissioners knew what they had promised to do and that now the time had come for them to do it. The new bridge was a proposition before the new roads and construction of the latter should be and was no excuse for the commissioners to go back on their words.

"Let them show us," concluded Mr. Fitzgibbon, "and we in the meantime can wait until we can show them."

"Squire B. R. Nott made a rousing speech which stirred up enthusiasm. He specially called attention to the fact that people in all sections of Newark used these dangerous crossings, and were interested in this subway and would aid in every manner all efforts for the accomplishment of this subway matter."

The petitions to Safety Director Collier will be left in a number of stores, for signatures as well as circulated by a number of members. All the signed petitions are to be left at the Newark Hardware Company's store by next Monday a week, and E. M. Baugher, W. F. Wulfoop and Charles Stasel were named as a committee to present them to Director Collier.

The offer of Attorney Cole of Springfield, to give his experiences at the next meeting was accepted and his presence will be a feature of the next meeting.

After remarks by Captain Matt Bausch, the meeting adjourned to meet in two weeks from Friday night.

PRESENCE OF MARINES AND LOSS OF THEIR LEADER CAUSE NICARAGUAN REBELS TO LOSE HEART; INSURRECTION NEAR END

American Marines in Nicaragua, Admiral Southernland and President Diaz.

Late advices from Nicaragua confirm the report that the revolution in that country is practically at an end. The capture of the rebel leader, Mena, and the presence of 2,000 marines under Admiral Southernland are the two factors working most strongly for peace. President Diaz is now reported as confident that he can handle the situation alone, and that the presence of American marines in the country is no longer required as a measure of protection for Americans and other foreigners.

"HELLO WOODY, OLD BOY;" WORKMEN'S GREETING TO DEMOCRATIC CANDIDATE

New York, Sept. 28.—Governor Woodrow Wilson declared today that he felt greatly encouraged by his reception in New England in the last few days. "It was especially impressive," he said, "that everywhere I was graciously greeted by the large crowds with which I came in contact, and the people whom I met seemed to take for granted that the Democratic ticket will be elected. The size and extent of the crowds that wanted to hear me speak and their enthusiasm was unsurpassed. I found it very interesting indeed. There can be no doubt that they are thinking seriously and that they are anxious to find out what I had to say."

Bridgeport, Conn., Sept. 28.—Governor Woodrow Wilson last night said he felt as if he had "arrived." He finished a three-day trip through New England, and in the scores of places where he stopped people called him "Woody," "Governor" and "Old Boy" enough to make him feel intimate with the crowds.

It was at Willimantic that an over-zealous workman, spying the governor on the car platform, cried out: "Hello, Woody, old boy."

"I like that," smiled the nominee, as he stepped down and shook hands. With a whirl of speeches and receptions the governor completed his New England trip, making an address before a big crowd here.

Throughout the day, as the nominee journeyed from Boston, people crowded the stations, cheering and clamoring for buttons. The governor had passed through Hartford three times, but found another crowd there yesterday.

"I thought you'd had enough of me at Hartford," said the candidate. "Oh, no," came in a chorus from the crowd, and the governor shook hands with a great number.

At Willimantic the governor made a brief speech.

"As I stop in this particular place," he said, "I cannot but think of the absentee landlords who own the thread industry and do not live here, because of our whole political arrangement in the United States is that the people that run us do not have anything to do with us, and stand off at a distance and find it very difficult, indeed, to judge of actual conditions."

A charge that former President Theodore Roosevelt had done an "illegal thing in order to build up an irresistible power" in permitting the purchase by the United States Steel Corporation of the Tennessee Coal & Iron Company, made in a speech at Boston, concluded the day by the governor.

"I do not wonder that the leader of the third party thinks that trusts are inevitable," said the governor.

"He never found any way of checking them, and he thought it was inevitable that the Steel Corporation should buy the Tennessee Coal and Iron Company, and that the chief executive should consent to an illegal

thing in order to build up an irresistible power. If it is inevitable that the government should yield to those powers, the sooner we know it the better."

"And I am sorry that any man who has had experience in that great office should have come out of it with that conviction. He despairs of displacing the power, and all he can suggest is that we try our best to make the trusts good, pitiful, kind and just by which we transfer our own affairs to those who by subtlety have combined against us."

The governor made several references in his speech to Colonel Roosevelt, declaring that even if he were elected he would have "no third party congress" behind him.

"He would be a lonely official," added the governor. "Not that he minds it, because he finds himself in good company. But he hasn't even yet claimed the right to pass acts of congress."

The governor finished his speech at 1:45 o'clock and hurried to a train leaving at 2 p. m. for Bridgeport.

Richard Olney, secretary of state in Cleveland's cabinet, presided.

While in Boston the governor expressed regret that he would not have time to visit Harvard University. He said he was deeply pleased that President Emeritus Eliot of Harvard had issued a statement in support of his candidacy.

It is probable that Governor Wilson will sneak again at Lawrence, Lowell and Cambridge on his way to Maine and Vermont in later days of the campaign.

In an address at Fall River Governor Wilson pointed out that the privilege or organization on the part of labor is not recognized by the courts of the United States, and added:

"I believe that we ought to hold a brief for the legal right to organize. Of course, we can go to the opposite extreme and say that capital shall not organize, but imagine the howl that you could get through a law that capital could not organize? Of course the law must regulate what capital can do with its organization, and we will all of us agree that the law ought also to regulate what organized labor can do with its organization."

MINERS GIVE UP FIREARMS IN VIRGINIA

Charleston, W. Va., Sept. 28.—As a result of the mass meeting held in Montgomery county last night when business men pleaded with the miners to turn in all their arms and ammunition in order that Governor Glasscock might have rea-

son for declaring martial law, guns and cartridges were handed over to the committee of citizens today. The committee in charge expects to extend its activity to other towns in the coal country north of the Kanawha River late today. Some fear was expressed that the many foreigners in the district would refuse to give up their arms, but information received this morning indicates that the committee is not meeting with any opposition. The voluntary surrender of the arms in the country adjacent to the martial law district is in accord with an agreement with the governor and business interests yesterday, when he is said to have promised not to extend the martial law north of the Kanawha if the miners give up their guns.

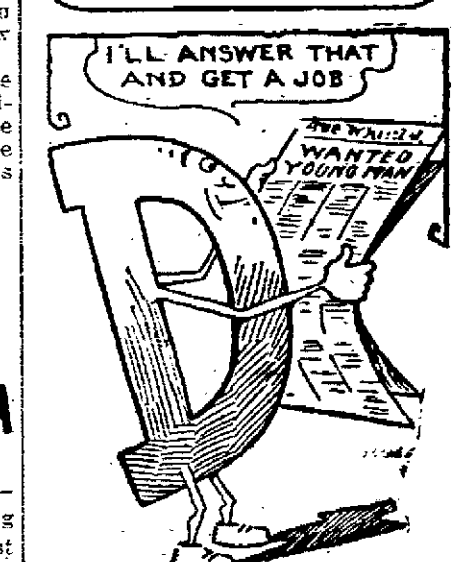

8,000 IDLE IN MILL DISTRICT

Lawrence, Mass., Sept. 28.—The question of the termination or continuance of the strike in the Lawrence textile mills called Thursday as a protest against the imprisonment of Ettor and Giovannitti, the Industrial Workers of the World organizers, was expected to be settled as a mass meeting of the industrial workers this afternoon. The strike continued today, despite the vote of the operatives at meetings last night to return to their machines. It was estimated that 8,000 were idle.

DEATH FROM KNIFE WOUND

Cleveland, O., Sept. 28.—Carl Meyer, employed in the mechanical department of a local newspaper, died today from a wound received yesterday when a knife he was using slipped and severed the main artery of his left leg. George Stieg, a friend, submitted to transfusion of his blood into the veins of Meyer, but in vain.

THERE WILL BE NO SERVICES MONDAY.

Dr. Lyon's sermon at the tabernacle last night was an eloquent plea for more earnestness and conscientious endeavor in the lives of professing Christians and was heard by a larger audience than has been heretofore reported. "The New Old Christianity" was the theme he announced, and his development of the idea proved to be an application, or a transfer, of the spirit of the early Christians into the life activities of today. It was not a sermon of the fiery type that the people of Newark seem to expect at revivals; just a simple, plain discussion of the evils of the day and a sincere effort to solve them by the power of the gospel of Jesus Christ. Dr. Lyon's voice seemed a great deal better last night and everyone in the vast tabernacle was able to follow the thread of his argument—and were, it is safe to say—benefitted greatly in their spiritual nature.

The crowd began arriving early last evening, and the big building at Sixth and Main streets was half-filled long before Prof. Mitchell ascended the platform to direct the opening song service. The children were there in full force—nearly 200 of them last night—and how they did enjoy singing with the big chorus choir. Their voices blended splendidly and they put an enthusiasm into their work that proved an inspiration to the older generation. "A Little Talk With Jesus Makes It Right, All Right," "How Wonderful, How Marvelous," "Jesus Loves Me," "How You Love Him," and the eternally rousing chorus of "Revive Us Again" swelled out from the building with supreme significance and attracted hundreds from the streets to what promises to be the scene of the greatest revival ever known in Central Ohio.

That Great "Kids' Choir."

Prof. Mitchell was in fine spirits last night and had a great time with the youngsters, winning their promises to appear for the organization of a children's chorus at 9 o'clock this morning. An Advocate representative "dropped in" at the tabernacle for a few minutes during this organization this morning, and found that fully 200 of the "kiddies" will have charge of the chorus work during the sessions of the coming week, supplemented by the 350 voices of the present chorus choir. It is also planned to have the platform occupied solely by the children some evening as a special attraction for the evening service.

"There are some people that you can preach about heaven to until the crack of doom," said Dr. Lyon during his introductory remarks, "and it wouldn't do them a bit of good. We have had too much of such namby-pamby, wishy-washy, useless religion. What the average man needs is to have a little more preaching about hell—and I'm going to give it to him."

What Brand Was It?

"There were a lot of fellows hanging around the public square and spitting tobacco juice on the sidewalks when Noah was building the ark. They didn't believe in revivals, but they got what was coming to them in a few weeks."

"Old Frisco considered itself safe, but in the twinkling of an eye, God shook that city to its foundations. You and I, friends, want to find a city that is founded on God."

Several announcements of interest were made last night by "Judge" Holloway, chief of which was a public acknowledgment of the party's appreciation of the kindness manifested by the mayor and police department. "Of course we had right to expect right treatment," said Mr. Holloway, "but the mayor is certainly entitled to this public acknowledgment." The mayor has given the Lyon party the privilege of holding their open air song service in front of the Arcade entrance in Third street, at 6:30 o'clock tonight, instead of on the court house steps. "The court house was too dignified," said the "judge." "We wanted to get down where there was something going on."

Won't Chew Tobacco.

He also voiced the objection of residents of Sixth street that horses were eating the bark off of trees to which they were tied. "A horse won't chew tobacco or drink whisky," (Continued on Page 2, Col. 2.)

DID NOT ABOLISH JUSTICE OFFICES

Columbus, Sept. 28.—Although he has not investigated the merits of the case in detail, Attorney General Hogan said today that he is inclined to the belief that the office of justice of the peace was not abolished by the constitutional amendment voted on Sept. 3. "Great stress," said Mr. Hogan, "was placed on the form of the ballot, which was as follows: 'Abolition of justices of the peace in certain cities.' Under head of Article 4, Section 9 agrees with Judge Peck, that Section 9 is ample authority for a continuation of justices of the peace without reference to other articles." Section 9 says that justices of the peace shall be elected and according to Mr. Hogan, it is up to the legislature to determine whether the office shall be continued or abolished.

FELL FROM TOP OF OIL DERRICK

Charles Walcutt, 25, an oil worker in the Hanover oil field, fell 40 feet from the top of a derrick between Hanover and Perryton Friday and sustained probable fatal injuries. Walcutt had several ribs fractured and was internally injured.

The man was working on top of the derrick when his clothing caught on the "bull" wheel. His cries caused the engineer to stop the engine at once, but Walcutt was dazed and lost his balance, falling to the ground. He was unconscious for 18 hours, following the accident.

CONG. JAMES M. COX SPEAKS TO CROWD OF 5,000 AT THE JOHNSTOWN FAIR FRIDAY

Johnstown, Sept. 28.—The highly successful street fair that this enterprising village has been maintaining this week was greatly enlivened Friday by the presence of James M. Cox, the gifted Democratic candidate for Governor of Ohio. The advertisement of his coming brought a larger attendance of people than any former day of the fair.

At the grand stand where Mr. Cox spoke fully 5,000 people gathered to hear him. Former Representative Freeman T. Eagleson of Cambridge, Ohio, spoke the day previous to a much smaller crowd and took occasion to make his address a political speech.

His statements called for a reply by Mr. Cox, the Ohio Democracy's standard bearer and very properly and effectively did he answer and refute all the Republican speaker's statements. Eagleson's free trade scarecrow was made to look very absurd and his statements wholly devoid of

truth before Mr. Cox got through with him. "The Democrats do not propose free trade when they revise the tariff downward to a revenue basis," said Mr. Cox. "A revenue tariff," he showed, will require at least a 50 per cent ad valorem duty, and this is regarded by progressive Republicans as well as Democrats as ample protection, because the difference in the cost of labor to the American manufacturer is only 17 per cent."

Mr. Cox took occasion to answer the misrepresentation that certain Republicans made regarding the one-per-cent tax law passed by the Democrats, and stated with special emphasis that if he were elected Governor that law would be retained and enforced in all its integrity.

Congressman Cox received an ovation from the people present that showed their faith and confidence in his declarations and the manner in which he will discharge the duties as Governor of this great commonwealth.

GET READY FOR BIG PARADE ON NEXT WEDNESDAY MORNING; FOUR CASH PRIZES OFFERED

Indications now point to one of the largest industrial parades ever seen in Newark. A large number of merchants, manufacturers and business people have already signified their intentions to be represented by floats, decorated wagons, automobiles, etc.

Also a great many of the social, labor and fraternal organizations are to be represented either by marching squads or floats. There will be a large number of handsomely decorated automobiles in the big parade. The city police force and fire departments will turn out and there will be numerous displays of Licking County farm products.

One hundred dollars in cash prizes are offered for the best showing as follows:

\$25.00 for the best decorated float placed in this parade by any merchant or manufacturer.

\$25.00 for the best display in this parade by any fraternal, labor or social organization.

\$25.00 for the best decorated automobile placed in this parade.

\$25.00 for the best decorated wagon or float displaying the farm products of Licking County.

The following committee has been selected as judges to award the prizes offered by the business men: Mayor Swartz, Superintendent of Schools Wilson Hawkins, and Superintendent of Children's Home J. C. Kreig.

The big parade will form at the corner of Sixth and Church streets, move south to Main, east on Main around the south side of the square, east on Main to the railroad, counter march returning by the north side of square, north on Third to Church and west on Church street to starting place where it will disband.

The parade will consist of three divisions as follows:

First division—City Police and City Officials, followed by the Fire Departments, Licking County Fair Board and Newark Business Men's Committees.

The Second Division will be headed by the Buckeye Band and will consist of the fraternal, social and labor organizations, followed by the decorated automobiles, merchants' and manufacturers' floats.

Those in charge of the big parade will be:

Grand marshal: Capt. Wm. C. Miller, assisted by Chas. W. Miller and a staff of 20 mounted men.

First division will form at Sixth street, resting north.

Second division will form at Fifth street, resting north.

Third division will form at Fourth street, resting north.

If you have not already made arrangements to be represented in this big parade on Wednesday morning do so at once. It is simply a big Booster Parade and the committees in charge would like to see every Newark industry, every Newark organization, every Newark business man represented.

If you are a manufacturer or merchant arrange for a float. If you are in the grocery, feed, laundry, ice or coal business decorate your wagon and have them in the procession.

If you are a member of any social, labor or fraternal organization, make yourself a committee of one to see that it is represented next Wednesday morning.

If you have an automobile decorate it and get in line. If you are a farmer get in with a Licking County farm product display, or if you are engaged in any business which we have failed to mention—remember, everybody is invited to join and help boost Newark next Wednesday.

Quite a number of entries have been received for the Motorcycle races at the fair grounds, Tuesday afternoon and some good racing is promised.

The two Wright airplanes and the three aviators headed by Arch Freeman will arrive Monday. Let every one help to make Sept. 30—Oct. 5 a "big week" in Newark.

NEWARK GOLF PLAYERS GET SWEET REVENGE

Lancaster Club is Defeated by Score of 30 to 8 on Country Club Course.

The Newark Golf club got sweet revenge on the Lancaster golfers at the Country club Friday afternoon, the Newark men, under Captain Manning, defeating the visiting players by a score of 30 to 8.

Two weeks ago Newark was defeated at Lancaster 24 to 12, so yesterday's victory was particularly gratifying.

Four of the regular players on the local club were unable to participate in the games and Lancaster was shy two regulars.

Only four of the Lancaster players won the match over their opponents, and but two of these decisively. Baker of Lancaster defeated McGruder 2 to 0, and Davis defeated Bartholomew 2 to 0.

The Lancaster club was entertained at the Country club during the afternoon at luncheon.

The scores of the afternoon's play were as follows:

NEWARK HIGH WINS EASILY AT GRANVILLE

Newark High school defeated Granville High in the first football game of the season at Granville Friday afternoon by a score of 22 to 10.

The game was in the nature of a practice contest and both schools showed splendid form for so early in the season.

In the latter part of the game, Newark used every substitute on the squad. Nehls, Brown, Hager and Warner were the particular stars for Newark while White of Granville was the best of the college town bunch.

The local squad is under the direction of Prof. Keckley as coach and gives promise of developing into a fast club within the next week or two.

GREW HAIR IN SIX WEEKS

"Mary, have you read what Baroness Manner says about Mrs. Mason's Hair Treatment?" In her letter which I saw she declares that it produced a considerable growth of hair in only six weeks.

"Yes, Grace, and lots of our best people here in Newark used to send to New York for Mrs. Mason's Old English Shampoo Cream before Frank D. Hall, our local druggist took the agency for it."

"I am using it myself now, it is so easy to wash one's own hair with it and you know it produces a stimulating and luxurious lather which not only removes the dust, dirt, grit and dandruff from the hair and scalp, but at the same time you are rubbing the tonic properties of this famous herb shampoo into the roots of the hair, which stops it coming out and stimulates the growth—just as water does a plant. It makes the hair so beautifully clean, soft and fluffy that it looks twice as thick as it really is. A 25c. tube is sufficient for three or four shampoos and they offer to return your money if you don't like it."

GOVERNOR OF WISCONSIN IS FOR ROOSEVELT

Madison, Wis., Sept. 28.—Governor McGovery yesterday issued a lengthy open statement in which he announced that he will vote for the Roosevelt and Johnson electors on Nov. 5.

Aside from this the governor says he will support the Republican congressional and state and legislative tickets.

The governor's statement says he cannot advocate the re-election of Taft and Sherman, because as a Progressive Republican he finds them diametrically opposed to almost everything they represent.

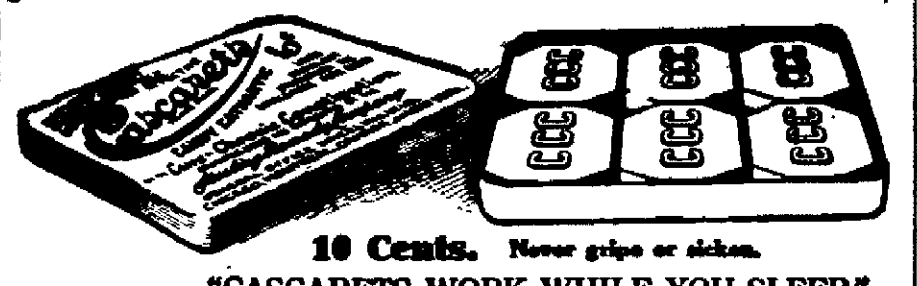

At great length, in explaining his position, the statement criticizes the administration of President Taft and also claims that Taft's renomination was stolen.

LITTLE GIRL WOULD NOT LIVE WITH MOTHER

Buffeted About From Place to Place and Finally Sent to Children's Home—Court News.

Nellie Suter, the little girl whose trials have concerned Judge Hunter in juvenile court several times lately, has been sent to the Children's Home.

The whole circumstance surrounding the affair over the pitiful, for the vicissitudes of fortune through which the child has passed reveal a share of sorrow more than the share of a little girl.

In a previous session of the court the little girl was given into the custody of her father, Daniel Suter and was by him sent to the home of his brothers and sister, who are unmarried. The child was taken from the mother when she insisted the efforts of authorities who desired that the child be sent to school.

Still later the matter was again attacked by the mother, who asserted that the child was not in a suitable home and was not given the proper care and attention. By Nellie's

own statement that she preferred not to return to her mother, and on testimony of others, the court decided to make no change in the arrangements.

Saturday the custodians of the child came into court, stating that they desired that the child be taken from them. The father asked that she be sent to the Children's Home.

Mr. Suter's brother stated to the court that an unpleasant notoriety had come to them through the testimony given by the mother in the previous cases and through statements made by her since, and for that reason asked the court that they be relieved of the responsibility.

The mother took violent exceptions to the statements of her relatives and to the ruling of the court and sought to induce the child to ask to be allowed to go to her, but to no avail and the child was sent to the Children's Home, for the time at least.

Promised To Pay.

The contempt matter involving Carl Ward was called in probate court Saturday morning. Some time ago Ward was ordered by the court to pay alimony to his wife in the sum of \$20 per month, and he was cited to show cause why he had made no payment as ordered.

Ward testified that he had no money, that he was ill and that at the present time he is being supported by his mother.

SOUND REFRESHING SLEEP

Evans' Drug Store is Glad to Announce That It Has Secured The Agency For Morse's Glycerole—a Guaranteed Vegetable Nerve Tonic.

There isn't a helpful druggist on earth that doesn't hate to hand over the counter such dangerous and habit forming drugs as opium, bromides and coal tar products.

And when such well-known, reputable pharmacists as the Evans' Drug Store is in a position to recommend an honest vegetable remedy that has been indorsed by a thousand physicians, every resident of Newark and vicinity who suffers from insomnia, nervousness, brain fog and fidgety restlessness ought to rejoice and be thankful.

Morse's Glycerole is the name of this vegetable prescription that is doing so much for nerve racked humanity, and Mr. Hazen Morse, the expert chemist who scientifically combines the ingredients contained in Morse's Glycerole, is more than entitled to the volume of praise bestowed upon him by physicians and nurses in both America and England.

Morse's Glycerole is not a patent medicine; the exact and complete formula is on every bottle and all sufferers can see for themselves just what they are taking.

Mr. Morse has been compounding Morse's Glycerole for the use of physicians and hospitals for 30 years and its success in all nervous conditions has been so remarkable that the Evans Drug Store feels justified in offering this purely vegetable preparation to all readers of the Advocate with the distinct understanding that if it does not satisfy any sufferer—money back.

If you want a night of restful sleep, free from annoying dreams, twitches and tossings, get a bottle of Morse's Glycerole today. It will not disappoint you.

The Best Treatment for Itching Scalps, Dandruff and Falling Hair

To allay itching and irritation of the scalp, prevent dry, thin and falling hair, remove crusts, scales and dandruff, and promote the growth and beauty of the hair, the following special treatment is most effective, agreeable and economical. On returning, comb the hair out straight all around, then begin at the side and make a parting, gently rubbing Cuticura ointment into the parting with a bit of soft flannel held over the end of the finger. Anoint additional partings about half an inch apart until the whole scalp has been treated, the purpose being to get the Cuticura ointment on the scalp skin rather than on the hair. The next morning, shampoo with Cuticura soap and hot water. Shampoos alone may be used as often as desirable, but once or twice a month is generally sufficient for this special treatment for women's hair. Cuticura soap and ointment sold everywhere. Sample of each mailed free, with 32-p. Skin Book, Address "Cuticura," Dept. 3, Boston.

THE T-R-U-S-T PARTY

The Bull Moose in honor of its
founder call their party the T. R.
party. They abbreviate unnecessarily.
It is the T. R. U. S. T. party.

The tariff board and the corpora-
tion commission illustrate the fallacy
of the Republican faith. They believe
that America ought to be governed
by trustees and that these trustees
should be the managers of the oldest
and greatest "vested interests" in the
country. Says a Democrat: "I find my-
self absolutely protesting against this
theory. I will not live under trustees
if I can help it. No group of men
less than a majority have a right to
tell me how I have got to live in
America. I will submit to the major-
ity because I have been trained to
do so—and being a Democrat submit
my judgment to the majority of my
fellow men."

Woodrow Wilson is a candidate
without cant. He does not merely
preach the ten commandments; he
practices them, and also that other
commandment, "Thou shalt love thy
neighbor as thyself." He is battling
not only for the Lord but also for his
fellowmen. All commandments are
equally important to him, the tenth
as well as the eighth. "Thou shalt
not covet" as well as "Thou shalt not
steal." Thou shalt not covet thy neigh-
bor's office. Our candidate is not
tainted by the personal cant which
makes a man proclaim himself the
only righteous creature in a sinful
world and the only hope of an other-
wise lost and desolated nation. Gov-
ernor Wilson is a straightforward
American facing the future without
apologizing for the past, justifying his
faith by his words, not by phrases,
free to serve the people and the whole
people.

**Congressmen Cox and Lever
Newark High School Oct. 3**

Hon. James M. Cox, Democratic candidate for Governor
of Ohio, who will attend the Licking County Fair next Thurs-
day afternoon, Oct. 3, will also address the people of Newark
and vicinity at the High School Auditorium, Thursday evening
at 8 o'clock.

Congressman Asbury F. Lever of South Carolina, who will
speak in Ohio during the week of Oct. 3-9, will also address the
people here Thursday night.

Congressmen Cox and Lever are splendid speakers.
Everybody is invited to attend the meeting at Newark High
School Auditorium, Thursday night, Oct. 3 at 8 o'clock.

Campaign Principles.

This should be a campaign not of
persons, but of principles. All men
know that things are wrong. The rank
and file of the nation find live very
hard to sustain. The many earn what
they do not get in order that the few
may get what they do not earn. How
can all this be bettered by determin-
ing who was rightfully nominated at
Chicago? The issue before the country
is far deeper, far more important than
the paltry question of a stolen nomi-
nation.

Suppressed by evasion, belittled by
sophistry, and veiled in indirection,
the two vital things that concern
America today are the tariff and the
trusts.

In 1908 in order to get in the Re-
publican party promised to revise the
tariff downwards. Being in they pro-
ceeded to revise it up. For that act
of bad faith they were severely pun-
ished in the congressional elections
of 1910. A Democratic house exam-
ined every schedule which could pos-
sibly afford as opportunity for monopo-
ly or increase the high cost of living.
But every tariff bill passed by a Dem-
ocratic house and a combination of
Democrats and Republicans in the
senate was vetoed by the President.
His excuse was that the tariff board
knew more about the tariff than con-
gress.

What better means to break the
stranglehold that the trusts have on
the business and industrial institu-
tions of this country than the follow-
ing suggestion made by Governor Wil-
son in a recent speech: "I don't want
to regulate trusts. I want to put
them on their mettle. I want to see
that they can't put anybody out of
business except by doing business bet-
ter than anybody else. I don't want
to squeeze the water out of their
stocks. I want to put the water tank
on their backs and see if they can
carry that water as against the men
who are doing business without any
water to carry. Then either they will
break under the strain or get rid of
the water themselves, because they
can't carry water and do business
against competition."

Contest of Corpses.

The other day in the west an en-
thusiastic admirer of Roosevelt shout-
ed: "Tell us something about Taft."
"I never discuss dead issues," replied
the colonel. Well, if Taft is dead to
many minds the only difference be-
tween him and his arch enemy is that
he has been officially declared so and
the present campaign is merely to de-
termine which corpse will receive the
most flowers.

The fact is the people are tired of
the disgraceful quarrel. Like Mercu-
tio in Shakespeare's immortal story,
innocent victim of the bitter feud be-
tween the house of Montague and the
house of Capulet, a feud which em-
broidered retainers of the noble fami-
lies from the highest relatives to the
lowest servants, so the common citi-
zen today between the wrath of Roose-
velt and the rage of Taft exclaims,
"A plague on both your houses."

Bull Moose Favors Trusts.

The only party seeking the suffrages
of the people in this campaign which
has had a word of apology or defense
for that tariffed trust is the Bull
Moose party. Federal control. This
is just what the magnates have been
wanting during all these years.

The people are listening today to
the call of the Bull Moose. Do you
know what a moose call is? The

**ROOSEVELT SAYS
REPUBLICAN PARTY
HAS BEEN BURIED**

Montgomery, Ala., Sept. 28.—Col.
Roosevelt in Alabama today renewed
his appeal to the south to support
the Progressive party. The colonel
reached Montgomery at 6 o'clock. He
was still asleep when a local commit-
tee appeared to meet him. After
breakfasting the former president
stood in the balcony of a hotel with
the rain beating down upon him and
spoke to a crowd in the street. "If
you are against me I have nothing to
say. The man whom I am trying to
reach is the man who is for me
but votes against me because his
grandfather voted that way. The way
for you to honor your forefathers is
to face fearlessly the issues of the
party. I want to see Alabama take
its part in national affairs as bril-
liantly as it has done in the past.
I want you to read the Progressive
platform and compare it with the
Democratic platform. I do not ask
you to compare it with the Republi-
can platform, because the Republi-
can party is dead. We have buried
the Republican party with Messrs.
Barnes, Penrose & Company as pal-
bearers."

**STEEL FREIGHTER
LAUNCHED TODAY
AT CLEVELAND, O.**

Cleveland, Sept. 28.—New steel
vessels were launched from two great
lake shipyards today. The 600-foot
freighter, James A. Farrell, named
for the president of the U. S. Steel
Corporation and built for the Pitts-
burg Steamship Company, slid over
the ways at Lorain, O., and the 261-
foot coastwise vessel, George Haw-
ley, owned by the Boston & Virginia
Transportation Company, took the
water at Ashtabula.

A BLOOD MEDICINE WITHOUT ALCOHOL.

Recently it has been definitely proven by experiments on animals that alcohol
lowers the germicidal power of the body and that alcohol paralyzes the white cor-
puscles of the blood and renders them unable to take up and destroy disease germs.
Disease germs cause the death of over one-half of the human race.

A blood medicine, made entirely without alcohol, which is a pure glyceric ex-
tract of roots, such as Bloodroot, Queen's root, Golden Seal root, Mandrake and
Sassafras, has been extensively sold by druggists for the past forty years as Dr.
Pierce's Golden Medical Discovery. The refreshing influence of this extract is like
Nature's influence—the blood is bathed in the tonic which gives life to the blood—
the vital force of the body burns brighter and their increased activity consumes the
tissue rubbish which has accumulated during the winter.

Dr. R. V. Pierce, the founder of the Lavalade Hotel and
Surgical Institute, and a physician of large experience and
practice, was the first to make up an ALTERNATIVE EXTRACT of
roots, without a particle of alcohol or narcotic.

"It is with the greatest of pleasure, that I write to let you know of
the great benefit I received from the use of your medicine and self-
treatment at home," writes Mrs. W. M. Hayes of Laidlaw, B. C. "I suffer
from rheumatism and have been running about for years with a lame back
and they failed to mend or give relief. Finally I was told I was in consump-
tion and would have to consult a specialist concerning my case, that the
least I could do before the wound would heal. A kind friend
advised me to write to Dr. Pierce, which I did, and after seven months
use of the treatment the sore is healed, and I enjoy better health than I
ever had. I do not feel the need of the Golden Medical Discovery and I
took the 'Golden Medical Discovery' and 'Pleasant Pellets' for my
troubles. I shall always recommend your medicines."

Mrs. E. L. Hayes.
Dr. Pierce's Pleasant Pellets regulate liver and bowels.

**GEO. M. FENBERG PAYS
OLD FRIENDS A VISIT**

After an absence of two years
smiling George Fenberg, former
manager of the Orpheum theatre in
the Arcade paid this city a visit ar-
riving Friday evening from Canton,
O., where he manages the Orpheum
in that city for Mr. O. G. Murray,
lessee of the house and the largest
and best of the Murray string of
vaudeville theatres.

Mr. Fenberg was greatly surprised
at the number of improvements that
have taken place in the city, espe-
cially in the erection of the Arcade
annex and the new Schaller block.
He was greatly impressed by the en-
terprise shown by the Newark busi-
ness men in the elaborate decora-
tions for the Licking county fair and
aviation meeting. Mr. Fenberg has
made several flights at Canton where
several big meetings have been held
and made a balloon ascension in the
"Ohio" with the pilot and two news-
paper men which carried them near
Erie, Pa. He is well acquainted
with several noted aviators and ex-
pects next season to head an aerial
exhibition company.

Mr. Fenberg is happily married,
has a cozy little home, and says that
Canton is one of the best cities in
the United States. That is of course
with the exception of Newark where
several of the happiest years of his
life were spent. He is not sorry of
his old friends and was only sorry
that business compelled him to cut
his stay so short. He hopes to re-
turn in the near future for a more
extended visit.

Uncle Ezra Says:
"It don't take more'n a gill uv ef-
fort to git folks into a peck of trou-
ble," and a little neglect of consti-
pation, biliousness, indigestion or
other liver derangement will do the
same if you take Dr. King's New
Life Pills for quick results. Easy,
safe, sure, and only 25c at F. D.
Hall's.

ROYAL BAKING POWDER

Adds Healthful Qualities to the Food

Prof. Prescott, of the University of Michigan, explains why Royal Baking Powder adds healthful qualities to the food.

Testifying before the Pure Food Committee of Congress, the Professor stated that fruit acids were excellent articles of food and that of these cream of tartar, the acid of grapes, held rank with the highest both in itself and its effect in the process of leavening and baking. He regarded the results from cream of tartar baking powder as favorable to health. Scientists and hygienists are in accord with this opinion.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar.

Catarrh

Breathe Booth's HYOMEI and Refreshing Relief Will Come in Three Minutes.

Australian Eucalyptus is a non-irritating, germ destroying liquid that is largely used by Catarrh and Throat Specialists and by physicians of the modern school.

HYOMEI is Australian Eucalyptus combined with the best of Listerian Antiseptic, and breathed through the inhaler into the lungs over the sore, inflamed membrane of the nose and throat it surely destroys the pernicious catarrh germs and ends all catarrhal misery.

For Catarrh, Coughs, Colds and Croup Booth's HYOMEI is guaranteed to give satisfaction or money returned.

Try it on that honorable basis; the directions are easy to follow and a complete outfit (inhaler and bottle of HYOMEI) can be obtained at drugists for only \$1.00. Extra bottle, if afterward needed, only 50 cents. Evans Drug Store recommends Booth's HYOMEI.

THE HOUSE CLEANING JOKE.
Thousands of jokes are written each year on housecleaning by men who do not realize what a small tragedy housecleaning is to women. It has to be done, and it has to be done thoroughly. Housecleaning is fun, though, if Easy Task soap is used. Made of pure coconut oil, borax, naphtha and clean, sweet tallow, it can be used on woodwork, floors, curtains, rugs, lace, china, cut glass and everything else, rids them of dirt and dust in half the time of cheap yellow soaps.

Hats for Boys and Men, \$1.00 to \$5.00 with individuality to them at 27-2t Mitchell & Miracle's.

FOGLE CLAIMS THAT UMPIRES FAVORED TEAM

Chicago, Sept. 28.—Horace S. Fogle, president of the Philadelphia National League baseball team, in a signed statement issued here today, charged that the New York National League team was able to win the pennant this season because the New York team had been unduly favored by umpires. Fogle asserts that had it not been for what he terms "favorable decisions," New York could not possibly have won the pennant. Fogle does not charge the managers of the New York team with corrupting the umpires, but states it is his belief that certain umpires favored the New York club in the hope of sharing in the world's championship series receipts.

BOARD REDUCES BLIND PENSIONS FOR SIX MONTHS

At a meeting of the Blind Relief commission held Saturday a resolution was adopted by the board authorizing the county auditor to pay but fifty per cent of the blind pensions for the coming six months. This move was made necessary owing to the fact that the fund for the payment of pensions has been greatly overdrawn and not desiring to cancel any of the pensions granted the board took this step. The change to the one per cent tax limit cut the fund down to but little over one-half what it was under the old rate so that the fund was materially reduced while the granting of pensions continued. It is hoped that the reduction will bring about the result of getting the fund in good shape and that hereafter it will not be necessary to resort to this method of meeting shortages again.

Everybody is going to the Licking County Fair and Aeroplane flights at Newark next week.

Daddy's Bedtime Story
The Little Acorn That Became An Oak Tree

DADDY glanced outside the window, where the bows of the big oak tree were waving. Now and then an acorn pattered to the ground. "Once there was a beautiful big oak tree," daddy began. "It grew in the woods, and it was the only oak around there. "The oak was lonely, and so when fall came and the little acorns went pattering to the ground each was anxious to hide in a nice, safe place so that when spring came they might send up little green shoots and grow up to be oak trees themselves. "Each little acorn as it swung on its branch looked about carefully for a nice place in which to fall. "I'm going to drop right in the midst of that pile of leaves," said one. "The leaves will keep me warm when the winds blow and the snows fall, as they say they do in the winter." "I am going to fall in the midst of that bank of soft earth. Then I can work my way down into the soil," said another acorn. "I shall choose that marshy place over yonder," said a third acorn. "Every acorn had something to say except a little thing that grew on the lower limb. There wasn't much choice for him. By and by when the wind loosened his hold on the tree all he could do would be to fall on the rocks. There he had little chance of finding a place in which to grow, and there, without a cover, the first frosts of winter would pinch him to death. The other acorns did not even think it worth while to ask him where he meant to fall. "One morning the biggest acorn gave a groan. "There's a squirrel coming up the tree," he said. And the tree began to shake so that the squirrel could not climb up and steal the acorns. The little gray squirrel had just got as far as the lower limb, and he grabbed the first acorn he could see and darted down the trunk with it. He ran to the little hole he had dug in the ground and popped the acorn in. But the squirrel did not bother going back to the tree that was so hard to climb. "After awhile the other acorns began to drop off, but the pile of leaves blew away and left that one to freeze, another found the soil that looked so soft, hard to pierce, and a third rotted in the swamp. "When the spring came the only one that was alive was the acorn which the squirrel had buried in his little cellar and forgotten to dig up. "That acorn sent up a little green shoot, which became a tall sapling and in time an oak tree, the pride of the forest."

ADMISSION FEE REMAINS THE SAME.
Secretary J. M. Farmer, of the County Board of Agriculture, has had his attention called to the report which is being circulated that the admission fee at the county fair has been boosted because of the additional attractions secured this year. "Please state as emphatically as you can," said Mr. Farmer, "that there is no change in the price of admission. The price remains at 25 cents as has been the custom in former years. Of course the board has been to added expense for advertising and special features this year, but we expect to have a sufficient increase in attendance to take care of the extra expense." Remember, the admission is 25 cents. The splendid program offered by the management makes it an easy proposition to get value received for the quarter admission fee.

WOMAN CAUGHT RED HANDED.
A woman was caught red handed last Tuesday. There was nothing sensational about it. All she had done was to go her washing with cheap, common yellow laundry soap, and the result was, as it always is, that her hands were cracked and chapped and chafed until they were aching. Easy Task soap relieves a woman of so much rubbing and clipping the hands in the water that no harm results. As a matter of fact, Easy Task soap is good to wash the hands with. It won't hurt the most delicate skin any more than the first lace.

PLAYS AND ACTORS

COMING ATTRACTIONS AT THE AUDITORIUM.
Tonight and Sunday—Motion Pictures.
Week September 29 (except Friday)—Mae LaPorte.
Friday, October 4—"Louisiana Lou."
Wednesday and Thursday, October 10-11—"Carnegie-Polar Pictures."
October 12—"The Bohemian Girl."
October 14-15-16—"Mapple-Notre Musical Comedy Co."
October 17—"The Smart Set."
October 19—"The Hostess."

The week of October first marks the real opening of the third season in Newark and Camden from the many different kinds of amusement to be offered for the next seven days. It will be a gala week.

The offerings in the Auditorium theatre have merely been given a

Orleans Made! Gras. The old French quarter of the southern city is one of the most picturesque spots in America and its quaint charm has not been lost in its "Louisiana Lou" new direction. Mr. Jerome's melodies are up to the high standard with which the music has always been his name. Wickedly different, but equally catchy, are his "My Rose of the Olette," sung by Barney Bernard; Sophie Tucker's "The Madness," the wild song, "If Love Is Now Am the Time," "When Paddy Goes a-Courtin'" and "Louisiana Lou, My Lou." Barney Bernard has never done anything better than his "David Warfield-Like" "Louisiana Lou" which has improved immensely since her last appearance in the city. And Harry Hanlon, Helena Sallinger and Robert O'Connor, the chorus, are under

explanation is true, and continues for the week.

THE SMART SET.
The name "Smart Set," especially when applied to the theatrical business, is synonymous with all that is really up-to-date, entertaining and clever. The company bearing the title and headed by that champion of all actors, S. H. Dudley, will be the attraction at the Auditorium theatre shortly. He will have the regular role in the new three-act musical comedy, "The Actor Recons from Boston," which is a combination of class and comedy, and will make direct appeal to folks who like to be amused and entertained in up-to-date fashion.

THE BOHEMIAN GIRL.
The picture is made that when the Aborn-Latta company presents its new

constitute the quartet.

Henry Linton and Anita Laurence will present a musical sketch called "In the Piano Store," a clever offering full of surprises and fun.

The Three Parrell Sisters, a trio of beautiful French girls, will appear in a flying ring and a robotic act that is one of the best things of its kind in vaudeville.

Johnny Bell and Rosamond Caron will present "Fun in Silence," an act full of action and merriment. Mr. Bell is an amusing comedian and Miss Caron, a pretty brassy singer well and dances gracefully.

Lewis Hoffman, the wonderful hat juggler, will demonstrate that a hat may be put to some unusual uses. This act is unique in every way. Two other big acts and motion pictures will round out the bill.

There will be six rods of first time pictures shown on Sunday afternoon and Sunday night, a feature which is much enjoyed by a good-town visitors who are always welcome at the B. F. Keith theatre.

CARNEGIE-ALASKA-SIBERIA PICTURES.
The motion picture of the Carnegie-Alaska-Siberia expedition are general-

owning and operating the only all water show on the road today.

The vaudeville company in conjunction with the big festival is well under way and many have visited the display of awards in the window of Fuchs Bros. jewelry store, and almost every candidate has a number of enthusiastic friends hard at work securing votes that they may receive the prizes. As added features to the contest it has been decided to give the contestant in each contest casting the largest number of votes from 8 a. m. Monday 100 votes free and 50 to the ones casting the second greatest number.

Every indication points to the Moose Fall Festival proving the greatest out-of-doors enterprise held in this city. Shows will be held on East Main street from the Court House east to First street.

ORPHEUM THEATRE.
The Orpheum theatre resumes the vaudeville season Monday afternoon and Manager Boyce believes he has a program that will please.

Heading what promises to be an unusually fine program is "Don Ramsey's Harmonists" composed of some of the best singers on the vaudeville stage today. This attraction is presented by Don Ramsey, the clever composer, whose musical compositions are played the world over and they will be heard in both his numbers and other popular selections. The young ladies are attractive, dressing well and are sure to become local favorites after the first performance.

Pearl Stearn and company's first bow across the footlights of a Newark theatre will show them in their lively travesty, "Her Husband's Friend." This farce is said to be one of the best laugh getters on the road and will doubtless please winning audiences here.

Billed as an entertainer who entertains, Burt Laurence is on the program. He will present a monologue that is new. Mr. Laurence with a voice particularly attuned to the "coon" songs, is a vibratory creature with joy and effervescence in every phase of his singing and shouting. "Preston," the acrobatic clown-comedian, will present a novelty in his 15 minutes of original bumps.

Variety counts and Manager Boyce has been assured that he has just such a bill that they will like, as no two acts are alike. Mr. Boyce over long distance telephone last night made arrangements with The Motion Patents Co. (General Film Co.) Columbus, to have a late released picture to follow each program, also starting Sunday, October 6, he will have projected on the screen the latest views that can be had. He has been promised pictures that are 10 to 20 days old.

ly admitted by film critics to be the best pictures of the kind ever taken. The views will be seen at the Auditorium shortly. They include pictures of Eskimo life, of the walrus and the seal, of the polar bear and other animals in their native haunts and of thrilling hunting scenes within eighteen degrees of the north pole. In half a dozen instances the camera stood not more than ten feet from the quarry. In addition there are views of Alaska scenery, all singularly impressive, interesting and instructive.

"WHEN PADDY GOES A-COURTIN'" IN LOUISIANA LOU AT AUDITORIUM ON FRIDAY, OCTOBER 4

few gleanings before the real harvest. The first big show was "The Spring Maid" and this has been followed by Evans' Minstrels and "Freelikes." However, the house will be open all next week with the Mae LaPorte Stock company, an organization, which by the way, has played here before and won many friends. This year a perusal of their repertoire promises them even a larger clientele. The statement that they are here all next week, must be modified, however, by the exception of Friday night when Chicago's very own show, both as to production and coloring, "Louisiana Lou" will be inserted in the week's program.

The Orpheum theatre will also open for its winter season. This pleasant little vaudeville house opened on September first, but a season of humid weather made it necessary to close, so it reopens on Monday with a new manager in charge, Mr. Franklin Boyce, who is known to Newark people in the past as an actor of ability. A good bill has been secured and it will now give two bills a week without interruption.

The fall festival of the local order of Moose will include a big festival with the chief attraction, Hatch's Wild Circus and Allied Shows. This promises to be a large organization, included in which are two bands.

All the motion picture theatres will feature films next week. Beginning Sunday at the Mazda theatre with Billy McGrath's Love Letter (Essanay), "All Those Endearing Young Charms" (Edison), and "Absession" (Melies), they will have a number of excellent films by the Kalem, Edison and Pathe companies during the week.

At the Lyric arrangements are being made to show pictures that will be particularly adapted to the week and a number of features will be shown. The Wonderland theatre shows the Universal pictures, the only motion picture show in town that does show them by the way. There will be films next week by the Bison, Bison, Gem, Imp, Nestor, Victor and Rex people.

Beginning Sunday at the Grand, the management will show Alkali Ike's Pants, a feature Essanay film, and an original film called "A Vitagraph Romance," by the Vitagraph company and founded in the Vitagraph studio.

MAE LAPORTE COMPANY.
Dainty Mae LaPorte and her clever company comes to the Auditorium for five nights starting Monday, September 30 when they will offer a line of plays never before seen in this city at popular prices. The company is well known here, having appeared here several times before and Miss LaPorte has many personal friends who will be glad to welcome her back for a week's engagement.

"Just Plain Mary" will be offered Monday night and the play will be staged with all special scenery and mechanical effects. Between the acts there will be a number of high class vaudeville acts which will be changed at each performance.

Ladies will be admitted free Monday night under the usual conditions if seats are reserved before six p. m. Monday.

LOUISIANA LOU.
"Louisiana Lou" coming here to the Auditorium on Friday, Oct. 4, caught Chicago with the brightness of its look, the easy rhythm of its music, the cleverness of its words and a general attractiveness of ensemble that is irresistible. It fairly "sizzles" in the town" with its excellent vitality. It overflows with healthy humor, fun and laughter. It is youth and optimism running riot on the stage. No put-up conventionalism enters its borders. It gives free rein to individual and collective effort to banish dull care with sprightly humor, flying feet, joyous young voices and exuberant comedy. No one cares much what it is all about. But its authors, the Messrs. Burkhardt, Donaghey and Jerome, have provided a tangible background for their elusive love story of the New

category of these things which are widely written of but rarely evidenced—viz.: Good looking girls who can both sing and dance and whose effectiveness in their intelligent efforts to secure ensemble results.

Seats on sale Wednesday at 9 a. m.

"OFFICER GOGG."
Most of the thrills to be enjoyed while viewing "Officer Gogg," the melodramatic farce that Cohen & Harris will present here the coming season, are traceable to the several police and cracksmen characters introduced during the three acts of this exciting play.

We may outgrow our "Uncle Tom's Cabin" habit and tire of trotting along the tear trail with the heroine in "East Lynna" but the mystery suggested in a play built around a battle of wits between a crook and the police force furnishes an appeal that few of us can resist.

ESKIMO TOTEM POLES.
Wednesday and Thursday, October 10 and 11, at the Auditorium, the Carnegie polar expedition pictures will be shown. These cinematograph views of the far north are the first ever taken, and are wonderfully clear and vivid. The pictures, too, are thrilling, portraying all the dangers and hardships that assail the adventurer into these frozen seas. The expedition was sent northward by the Carnegie institute to obtain scientific data for the museum and to obtain specimens of the animal and bird life of the arctic circle. In addition a moving picture record was made of the seal, walrus, sea lion, polar bear and of the different species of birds. All the birds and beasts were photographed in their native haunts and the films show them as the arctic explorer and hunter sees them. The exhibition is accompanied by an

version of "The Bohemian Girl" here that local patrons of the theatre will be given an opportunity to see this splendid old opera with a setting such as was never before last season attempted. The extreme limit of attention to detail has been reached by Milton and Sargent Aborn. In this, their greatest achievement.

THE DIVORCE QUESTION.
Rowland and Clifford's presentation of Wm. Anthony McGuire's intensely interesting argument against divorce as an individual social and ethical problem, portraying a strong vital true situation of life as a promise to an argument which clearly demonstrates the utility of divorce as a means to social progress, inasmuch as it leads to the disintegration of the family, upon which rests our entire social structure, deprives children of the right to their parents, and tends to foster that undesirable immoral and harmful institution, polygamy. Coming to the Auditorium shortly.

KEITH'S COLUMBUS THEATRE.
For the week of September 30, at B. F. Keith's Columbus theatre, Henry E. Dixey, the noted dramatic star, will present his Mono-Drama-Vaude-Ologue. Mr. Dixey will be remembered for his excellent and artistic work in "Mary Jane's Pa." As a legitimate character actor, Mr. Dixey has no superior and few equals. He starred in the New York production of "The Man on the Box." He was a co-star with Amelia Bingham in some of her most noted successes. Mr. Dixey will present Mr. from practically every role a vaudeville actor is called upon to present.

The Bison City Four, a quartet of Merry Fun Makers, will make music and tell stories. Vic Mito, Frank Girard, George Hughes and Ed. Roscoe,

CENTRAL OHIO MUSIC SEASON OPENS OCT. 10

Mme. Johanna Gadeski, who opens the music season of Central Ohio at Memorial hall, Columbus, October 10, is the first of a series of what is said to be the most remarkable set of concerts ever scheduled in this part of the state. Other entertainments under the same management will be: United States Marine Band, which is usually known as the "President's Own," now on the first tour of the middle west which it has made in ten years; Miss Alma Gluck, a beautiful young prima donna of the Metropolitan Grand Opera company, who has won hearts by her manner as well as by her singing; Mme. Schumann-Heink, whose reputation is as wide as the continent; the New York Philharmonic society, under the direction of Josef Strakosky; and the Cincinnati Symphony orchestra, under the baton of Dr. Ernest Kunwald, who comes direct from the greatest orchestra of Berlin, Germany, to the Gem City of Ohio.

In all these concerts, beginning with that of Gadeski, special effort will be made to care for music lovers from out-of-town. To that end, mail orders will receive the same attention as those presenting themselves in person at the box office. In each case the seat sale will be sufficiently long so that if tickets are ordered on the first or second day, they will be returned to the purchaser by mail before the concert.

Mme. Gadeski's superb record in the Wagnerian opera has made her name known around the world. Music lovers will be glad to know that her program includes several selections from the Wagnerian opera as well as songs in German and English. Mrs. Gadeski takes part in the Music Festival of Toronto, Canada, October 5, and jumps from there to Los Angeles October 15th. Columbus has the only concert in this entire distance of over 4,000 miles. To place this concert within the reach of all, prices have been arranged from 50c to \$1.50. The advance sale will open October 7, at McClelland's Book Store. Remittances should be made payable to T. T. Frankenberg.

MOOSE FALL FESTIVAL STARTS MONDAY

Next week will witness the exhibition in this city of the J. Frank Hatch Allied shows, brought here as the attraction for the Moose Fall Festival. These shows are favorably known throughout the country and have a splendid reputation of fifteen years of successful operations. It is the oldest and largest of its kind and has exhibited with excellent satisfaction throughout every state in the union and most of the larger Canadian cities.

The water circus which is the feature show of the carnival was originated by Mr. Hatch and is an exact reproduction of the famous water show of the New York Hippodrome two years ago. Mr. Hatch made it practical for road purposes and boasts of

There Are Two Good Reason Why We Should Have Your Business.

FIRST—Our association is not established for profit but for the mutual benefit of its members. Its earnings after actual expenses are paid are divided pro-rata among its members.

SECOND—We protect our members savings by only loaning money on real estate after the property has been inspected by three members of our board of directors and has been approved by the Board. As a further precaution after the property has been appraised at its actual valuation only two-thirds of the amount is loaned to take care of any possible shrinkage.

The Problem of Country Life

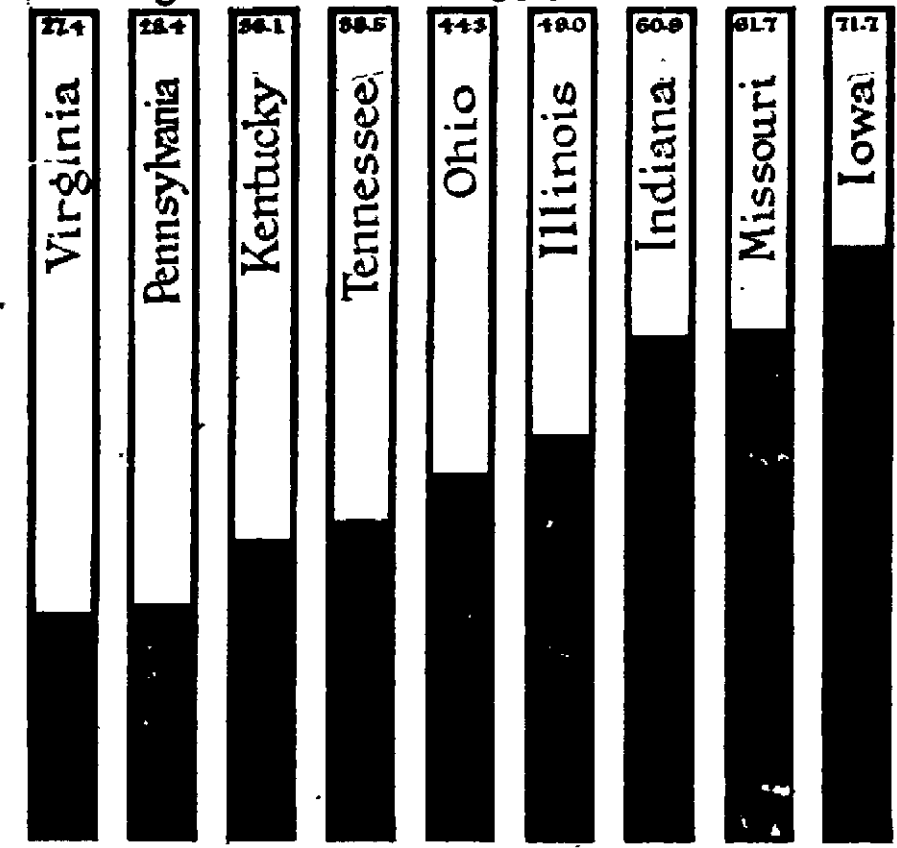

By CHARLES STELZLE

RURAL decay is one of the most staggering problems in American national life. In the matter of population alone it calls for serious attention. The percentage of rural population in the United States has been steadily decreasing as follows: In 1880 there lived in the country 70.5 per cent of the total population; in 1890, 63.9 per cent; in 1900, 59.5 per cent; in 1910, 53.7 per cent.

The loss of rural population is due to economic, social and educational causes. Religion and religious institutions also play an important part in the problem. We hear much these days about the "country life movement." Let it be noted that this is a different proposition from the "back to the land" movement. It may be said broadly that the first was inaugurated for the purpose of benefiting the country, the second for the purpose of benefiting the city.

LOSS OF POPULATION IN NINE GREAT AGRICULTURAL STATES

Percentages of counties losing population from 1900 to 1910

Unquestionably more will come of the former than of the latter, for the movement to improve the conditions of farm life is in harmony with a normal desire, while the effort to transplant the city man to the country is in violation of natural law. Just as the city must work out its own salvation, so the country will be compelled to solve its own problems. It must be quite apparent that good farm land and profitable farming will not settle the most vital questions in the country. Principally, the leaders in this movement tell us, there must be a higher idealism among country people. They must have higher standards of education, of social life, of the moral well being in each community. The country life commission appointed by the president said in its report, "Any consideration of the problem of rural life that leaves out of account the function and the possibilities of the church and of related institutions would be grossly inadequate." * * * because from the purely sociological point of view the church is fundamentally a necessary institution in country life."

FORMER NEWARK B. & O. FIREMAN GETS PROMOTION

O. E. Kain, former B. & O. fireman, who has been in Dennison, Texas, for the last ten years, has received another promotion and is now assistant superintendent of the North Texas division of the Katy system.

Since going to Texas, Mr. Kain's rise in the railroad business has been steady. He left the B. & O. ten years ago, taking a position as a fireman on the Katy. In a few years he was advanced to the position of engineer and later was given the most responsible run on the road.

A few years later he received another advancement and was placed in charge of the overhauled and repaired engines from one of the big shops, his duty being to break in the newly repaired engines.

His new position places him under Superintendent W. P. Danforth and he will have his division headquarters at Greenville. He will also have charge of the Shreveport division and the McKinney and Mineola branches.

He is a brother of Richard and John Kain of Newark, both B. & O. engineers and a brother-in-law of John Connolly, also a local B. & O. engineer.

His many friends in Newark will be pleased to learn of his advancement and wish him much success in his new position.

RETURN OF M'COMBS

To Active Leadership To Be Celebrated, With Wilson as Speaker.

New York, Sept. 28.—Governor Wilson will be the principal speaker at a dinner here tonight to celebrate the return of Chairman William F. McCombs to the active leadership of the Democratic national committee.

Mr. McCombs, who has been suffering from a nervous breakdown and stomach trouble, has not yet resumed work at headquarters, but is expected at an early date.

The Woodrow Wilson College Men's League arranged the dinner and Mr. McCombs has his physician's permission to attend, but it may be a week or more before he is able to take up active work.

Announcement was made at Democratic headquarters that Governor Wilson will speak at a German-American mass meeting Saturday evening, Oct. 19. Herman Ridder will preside.

SEN. ANDREWS PREPARES HIS OWN APPEAL

Columbus, Sept. 28.—State Senator LeForest Anderson, convicted and sentenced to the penitentiary for bribery in the last legislature, prepared his own appeal to the circuit court this afternoon when his case was called.

Senator Isaac Huffman, whose case is also before the circuit court, was not in the courtroom. In his appeal to the court, Andrews discredited the dictagraph, claiming that it is not as accurate as the telephone because of the great confusion of sounds which it creates.

The only consolation Failure has is to sneer at Success.

As heads of large enterprises are men of great energy. Success today demands health. To all is to fail. It's utter folly for a man to endure a weak, run down, half alive condition when Electric Bitters will put him right on his feet in short order.

"Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at F. D. Hall's.

Dr. Hartman Says:

Write to Peruna Testimonials If You Want to Know the Truth.

The following letter was received by Dr. Hartman through his regular correspondence:

"I notice the testimonial of Mrs. Alice Bogle, which you give in your last article. If I should write her do you suppose she would give me further particulars? I have heard it said many times that such testimonials are fakes; that they are either absolutely fictitious or else the people have been hired to write them. I have been inclined to write you a great many times but these stories about patent medicine advertisements have discouraged me from doing so. I am afflicted with catarrh and should very much like to find a remedy such as your article describes."

To the above letter Dr. Hartman made the following reply:

My dear Madam:—I do not wonder that you are confused and have lost all faith in advertised remedies. There has been so much said against them, so much controversy concerning them, I am not surprised that some people have lost confidence in them.

I wish you would write Mrs. Bogle as one woman to another. I wish you would ask her whether she has been hired to write such a testimonial, whether her testimonial represents the truth.

I hope you will remember that she is a housewife, like yourself, that she has something to do besides write letters; that she is a woman of moderate means and cannot afford to pay her own postage. I hope you will enclose stamp so she can answer you without loss to herself. Mrs. Bogle is a very estimable lady and no doubt you will both profit by being acquainted with each other.

Should you conclude to write Peruna for your catarrh, I would be very glad to hear of the result. I can assure that no use will be made of your letter, except by your written consent. Mrs. Bogle very kindly consented to have me use her letter, which is my reason for doing so, and you will be treated exactly as she has been.

People recover from chronic catarrh who take Peruna. There is no doubt about that. Some surprising recoveries are reported almost daily. I have thousands of them in my files. Peruna is for sale at all drug stores.

SPECIAL NOTICE—Many persons are making inquiries for the old-time Peruna. To such, would say, this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO COMPANY, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

SENATOR GORE DEFENDS WILSON

Indianapolis, Ind., Sept. 28.—Senator Thomas P. Gore of Oklahoma last night defended Woodrow Wilson against the charge that the Democratic candidate for president had written matter critical and hostile to foreign-born citizens. Senator Gore's speech was the principal one on a program which followed a rally and red-fire parade, the first of the campaign.

He urged the Democrats to believe exactly what Taft told them about Roosevelt and to accept what Roosevelt might say about Taft. This statement followed: "And Bob La Follette comes to judgment and says both Taft and Roosevelt are 'humbugs.' I may say that La Follette is a splendid judge of human nature. La Follette is the real pioneer progressive Republican, the greatest Republican follower of William J. Bryan."
